Committee Reports

Fundraisers (Dawn) – Poinsettias and Butter Braid pickup went well. Money record was completed. Profit amount unknown at time of meeting.

Yearbook (Tabytha) – layout work has begun, certain groups/candidts are still needed. Looking to submit at the end of January.

Spelling Bee (Allison) – planning will begin in January

School Store – a money record should be filled out after each school store and submitted to the treasurer. Next date in January or February.

Unfinished Business

Outdoor Carnival – need dates for any spring events, field trips so that we can plan a date for the carnival (as well as a rain date), asking to use the football field area and concession stand again, looking for someone to head the planning stages.

Ideas that were suggested: have 2 of the bigger activities, use the sound system, not showing a movie

New Business

Chairs – there are 19 captain's chairs available to purchase for \$25

Middle School Concept – What to do with the money in the PTO account if the middle school happens? Divide it between all grades? Will the middle school form their own PTO?
